INDUSTRIAL VISIT REPORT

Adarsh college of Arts and Commerce had organized Industrial Visit to Goa from 30th March to 2nd April 2023 for 2 days and 1 night for SFC students (BMS, BAF, BBI). The Industrial visit was organized in order to get the practical knowledge about 'Manufacturing Company, Benefits of Packed Frozen Food, Packing System, Machinery Work, etc. carried out by REGOS FOOD PRODUCTS (RFP).

➤ **Details of Journey:**

The journey started on 30th March from Thane at 1 a.m., we reached Goa on 31st March in morning. After lunch break all students visited Calangute beach and Bhaga beach. And later went to shopping. At night, after dinner students had enjoyed DJ Night

On 1st April, students visited Regos food products company where they explained to students about manufacturing process of frozen foods, packing system and how machinery operates. Company was founded by Mr. Tome Romualdo Rego in 2015. A great, Fascinating personality and a multi-talented person, with a genius brain. He has worked in different fields before establishing the food products business. He first started up with the real estate businesses 'RPC Builders & Developers' company in the year 2005.

His Moto in life is "Always aim high, struggle, work hard and achieve your goals" and do what satisfies yourself Focusing on this Moto he started the business The Food Production business along with Mr. Menino Fernandes who is the strong pillars of the company. Rego Food Products Company was established in February 2015 at Sancoale industrial estate Zuarinagar Goa.

Mr. Tome Rego, his daughter and Mr. Menino Fernandes explained in detail about the various process of the manufacturing and packaging and also solved the queries of the students.

After visiting company, students went to see Old Goa Church in south Goa. Later at night around 9 p.m. students boarded train to return home.

We reached Thane on 2nd April in the morning. The whole journey went smoothly and students has enjoyed a lot and also learnt how manufacturing unit work.

Total 71 students and 4 faculties had gone to Industrial visit.

The faculty for the industrial visit: -

1. Sfc. Coordinator Asst. Prof.Sachin Dedhia
2. Asst. Prof. Dhvani Babaria
3. Asst. Prof. Tushar Sonawane
4. Sarika Mali

Student's Feedback:

- This Industrial visit was very helpful in bringing a positive change in our thinking.
- How practically we can use various techniques and methods we learn in our subjects.
- Got practical knowledge about the advancement in technology of machines.
- Use of programming in field of management.
- Information on different parts & use of advance technology machines.
- How Different types of machines are available for food making & packing.
- Management of manpower and machines.
- Industrial visit helped us in learning how to interact, co-operate and communicate with each other.
- It also helped us to understand the importance of harmony and team-work.
