Harmony – TechYuva Fest 2025

Department of B.Sc. Information Technology

Date : 15th December 2025

Adarsh College of Arts, Commerce and Science, Badlapur, successfully organized the 'TechYuva 2025' Event under its annual cultural and academic fest Harmony 2025. The event was conducted by the Department of B.Sc. Information Technology with the primary objective of fostering technical awareness, creativity, and interest in information technology among Junior College students.

The TechYuva event was thoughtfully planned to provide students with exposure to various technical concepts through interactive and competitive activities. As part of the event, the department conducted five technical competitions exclusively for Junior College students. These competitions included Tech Clash Quiz, Design Dynasty, Type Express, Flip Keys, and Icon IQ. Each competition was designed to test and enhance students' logical reasoning, design skills, typing efficiency, technical knowledge, and visual recognition abilities.

The response to the event was highly encouraging, with a total of 109 Junior College students from 3 different institutions actively participating in the competitions. The enthusiastic participation reflected the students' keen interest in technology and learning beyond the classroom. The competitions were conducted smoothly under the BSc IT faculty members, with active involvement and coordination by B.Sc. IT students.

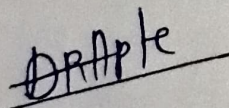

In addition to the competitions, the B.Sc. Information Technology students organized a TechExpo as a special attraction of the event. The TechExpo showcased various technical models, demonstrations, and innovative ideas related to information technology. The exhibition aimed to spark curiosity and build interest in the IT field among Junior College students by providing them with practical insights into emerging technologies and real-world applications.

The event was honored by the presence of the Principal, Dr. Sangeeta Pande, who addressed the students during the program. In her address, she encouraged the participants to actively engage in technical learning and emphasized the importance of developing technological skills in today's digital era. Her motivational words inspired students to explore new opportunities in the field of information technology and pursue excellence in their academic journey.

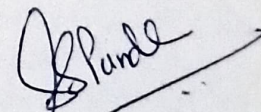

Overall, the TechYuva Event under Harmony 2025 was a grand success. It provided an excellent platform for Junior College students to showcase their talents, gain technical exposure, and interact with senior students and faculty. The event also helped B.Sc. IT students develop organizational, leadership, and teamwork skills. The Department of B.Sc. Information Technology played a key role in making the event informative, engaging, and memorable.
