CO4	Evaluate India's role in international politics and its strategies in maintaining global relations during the Cold War and post-Cold War era.

Course: Milestones in World History (1750 CE – 1960 CE)	
Class: MA	
Sem: II	
CO	After completion of the course, the learner will be able to
CO1	Understand the nature and impact of significant revolutions in world history, including the Industrial, American, French, and Russian revolutions.
CO2	Analyze the early colonial expansions and the nature of colonial control in Africa and Asia, examining the motives and mechanisms behind imperialism.
CO3	Examine the emergence of Arab Nationalism and the Zionist movement and their role in shaping modern political landscapes.
CO4	Assess the process of decolonization and the geopolitical tensions of the Cold War era.

Course: History of Emancipatory Movements in Modern World	
Class: MA	
Sem: II	
CO	After completion of the course, the learner will be able to
CO1	Understand the concept of race and analyse the key emancipatory movements, including the Afro-American Civil Rights Movement led by Martin Luther King, Jr. and the Anti-Apartheid Movement in South Africa led by Nelson Mandela.
CO2	Apply knowledge of the feminist movements, tracing the development from the First Wave to the Third Wave Feminist Movement and their impact on gender equality.
CO3	Analyse the concept of caste, focusing on caste as a form of tradition, power, and humiliation, and examine the contributions of Dr. B.R. Ambedkar and Periyar E.V. Ramasamy in anti-caste movements.
CO4	Evaluate Marxist and Neo-Marxist perspectives on class, labour movements in India, and the nature of tribal struggles in the 20th century.

Course: History of Travel & Tourism in India	
Class: MA	
Semester: III	
CO	After completion of the course the learner will be able to
CO1	Understand the development of travel and tourism in India.
CO2	Apply knowledge of various forms of tourism to promote cultural and ecological awareness.
CO3	Analyze the impact of historical travel trends on current tourism practices.
CO4	Critically evaluate the relationship between tourism development and cultural preservation.

Course: History of Indian Archaeology	
Class: MA	
Semester: III	
CO	After completion of the course the learner will be able to
CO1	Understand the foundational principles and methods of Indian archaeology.
CO2	Apply archaeological findings to contextualize historical developments.
CO3	Analyze the significance of major archaeological discoveries within India.
CO4	Critically evaluate the methodologies used in archaeological research and their implications for understanding Indian history.

Course: Indian National Movement (1857 CE to 1947 CE)	
Class: MA	
Semester: III	
CO	After completion of the course the learner will be able to
CO1	Understand the key events and figures of the Indian National Movement.
CO2	Apply knowledge of historical events to discuss the movement's influence on modern India.
CO3	Analyze the strategies and ideologies employed during the Indian National Movement.
CO4	Critically evaluate the impact of the movement on India's socio-political landscape.

Course: History of Modern Maharashtra (1818 CE -1960 CE)	
Class: MA	
Semester: III	
CO	After completion of the course the learner will be able to
CO1	Understand the key events and figures of the Indian National Movement.
CO2	Apply knowledge of historical events to discuss the movement's influence on modern India.
CO3	Analyze the strategies and ideologies employed during the Indian National Movement.
CO4	Critically evaluate the impact of the movement on India's socio-political landscape.

Course: History of International Relations (1945 CE -2000 CE)	
Class: MA	
Semester: III	
CO	After completion of the course, the learner will be able to
CO1	Understand the major developments in global diplomacy and conflicts from 1945 to 2000.
CO2	Apply theories of international relations to historical and contemporary issues.
CO3	Analyze the effects of significant international agreements and conflicts.
CO4	Critically evaluate the role of major international organizations in shaping world politics.

Course: Field Archaeology	
Class: MA	Semester: IV
CO	After completion of the course, the learner will be able to
CO1	Understand the techniques and challenges in field archaeology.
CO2	Apply field methods effectively in archaeological digs.
CO3	Analyze archaeological data to construct historical narratives.
CO4	Critically evaluate the ethical implications and responsibilities in archaeological practice.

Course: Evolution of Human Rights in the 20th Century	
Class: MA	Semester: IV
CO	After completion of the course, the learner will be able to
CO1	Understand the key developments and figures in the evolution of human rights during the 20th century.
CO2	Apply principles of human rights to analyze historical and modern legal systems.
CO3	Analyze the impact of major human rights movements globally.
CO4	Critically evaluate the effectiveness of international human rights treaties and organizations.

Course: Project	
Class: MA	Semester: IV
CO	After completion of the course, the learner will be able to
CO1	Acquaint knowledge about how to do actual research work.
CO2	Apply proper tools and methods in research work.
CO3	Analyze the results of the research work
CO4	Evaluate the summative assessment and to show suggestions of the research problem
